### The Most WONDERFUL LIBRARIES of the World

A Library is a store-house of knowledge. There is a saying that a library is the delivery room for the birth of ideas, a place where history comes to life. We have also heard and believe that a library is a temple of learning and learning has liberated more people than all the wars in history. We can, therefore, say that the more the libraries a nation has, the more it is advanced and richer in education, tradition and culture.

Our calendar for 2014 is a tribute to all the libraries of the world and the authors who have enlightened and shown us the right path to glory through the ages.
